

## ***You Can Make the Difference And Improve Water Quality***

- Stormwater pollution occurs when stormwater runoff comes in contact with contaminants.
- Year round stormwater runoff also comes from a number of common residential and commercial activities such as landscape irrigation, washing your car and washing your sidewalk or parking lot.
- You can make the difference by
  - proper disposal of pet waste
  - repair your fluid leaks from your vehicle
  - limit your fertilizer use
  - sweep your sidewalk and driveway
  - use a shut off nozzle on your hose
  - remove trash and debris
- Visit [www.pismobeach.org](http://www.pismobeach.org) for more information regarding stormwater.

***Remember to MAKE THE CONNECTION and  
only send rain down the Storm Drain!***

For further information, call the Public Works Department at (805) 773-4656

***Don't let it all go  
down the drain...  
the Storm Drain!***

***You can make the difference!***
